February 2, 2024 6:18 PM EST

ORLANDO, Fla., Feb. 02, 2024 (GLOBE NEWSWIRE) -- Abacus Life, Inc. (NASDAQ: ABL) ("Abacus" or the "Company"), a leading buyer of life insurance policies and vertically integrated alternative asset manager specializing in specialty insurance products, announced today that Abacus Life CEO Jay Jackson appears as a guest on the SPACInsider Podcast hosted by Nicholas Clayton and Marlena Haddad. On the podcast, CEO Jackson discusses, among other things, the de-SPAC process and the undervalued importance of longevity data.

"The biggest fear for retirees is what? Running out of money. If they had an accurate lifespan, we could actually design better financial products and allocations to that individual. As we apply this data to lifespan and financial planning, I just couldn't be more thrilled to see how that's going to grow. Not just in our business, but the industry. I think there will be a fundamental shift in how financial planning is actually done." -Abacus Life CEO Jay Jackson
